[Chorus]

And you if give a f-ck that your friends stuck up
and she don't wanna mess up her hair
and if you wanna f-ck, like I wanna f-ck
put your muthaf-cking hands in the air
I'm on five hour energy, Nuvo and Hennessy
so what you wanna do little baby

now all my ladies in the house say hoe
and all my hoes in the house say lady

[T-Pain]

I'm so considerate
I never quit a bitch
no matter how many n-ggas hit
or how many d-ck she licked
I please that clitoris
I give her a kiss and shit
when other n-ggas don't stay long enough they
get the digits and split
if aint nobody telling you that you are pretty
thats just because you are and they do not want to
admit it
look at all that ass, you aint got to have titties
at least you part of the itty bitty titty committee really
you goin let em style on you
or you can let em talk
hop up in this Lamborghini baby go on let em walk
stop hanging round them stupid bitches you'd be
better off
them hoes dirty birds, Atlanta Hawks
go on wear them granny draws
matter of fact go put that dress on and dont wear any
drawls and come sit on Santa Claus
we can take some pictures with the islands in the back
drop
we can go to PC but you'll still be my laptop

[Chorus]

And you if give a f-ck that your friends stuck up
and she don't wanna mess up her hair

and if you wanna f-ck, like I wanna f-ck
put your muthaf-cking hands in the air
I'm on five hour energy, Nuvo and Hennessy
so what you wanna do little baby

now all my ladies in the house say hoe
and all my hoes in the house say lady

[Lil Wayne]

Kiss her on the thigh make her p-ssy hole cry
they say numbers dont lie, lets try a 69
kiss her on her lips let her p-ssy hole drip
she cant even walk to the bathroom she gotta skip
kiss her on her cheek, make her p-ssy lips speak
no she pulling on my locks, kiss thou Sheek
kiss her on her breasts, east and west
and then I go south
and clean up my mess
no stop signs, no red lights
she put on a show, no stage fright
and then I f-ck her right
and she say f-cking right
she climb on top that mountain
and ride that mountain bike
she keep it nice and wet
like Armor All, she keep a close shave like barber sole
but all in all she's just Weezy baby

[Chorus]

And you if give a f-ck that your friends stuck up
and she don't wanna mess up her hair
and if you wanna f-ck, like I wanna f-ck
put your muthaf-cking hands in the air
I'm on five hour energy, Nuvo and Hennessy
so what you wanna do little baby

now all my ladies in the house say hoe
and all my hoes in the house say lady
