I got my own steps
I got my own style [x4]

I can get this party started,
Watch how a niggah do it [x4]

I got my own steps
I got my own style [x4]

I can get this party started,
Watch how a niggah do it [x4]

I got my own step
I got my own style
And if a nigga keep stealing it from me
Then I'm a have to go wild

Yeah better back up on
One of these jays trying to jack up on
Cause all these niggahs in the club
Must really wanna see a motherf*****er act up or
Clap clap clap clap on

Moving on dance floor then
I'll take your
Whore to the motel
And if I perform well
That's gonna give her more to tell you
Just what we doing
You don't really need to
Know who she's screwing,
Homie
If she get this dick again

You will never fit again

Slippin in and out
I got my own step
My own shit

Put that tongue on that
It left hre in bed like

Oh shit, Oh it's
Just another one of them T-Pain antics
Got em making up brand new dances
She get low to the ground like ants is

Every time I put on that terrace
All she think about is marriage
Homie you can't pull no hoes
You're like a horse without a carriage

I don't even know how many carrots in my chain
Niggah you gonna have to explain
That nobody on the corner
Got swagger like us
So you got yours from T-pain

I got my own steps
I got my own style [x4]

I can get this party started,
Watch how a nigga do it [x4]
