Welcome to my rodeo  
Hold on to me  
Baby I'mma take it slow  
How you ride is the key

We gonna go left, right, front, back  
And no, that just ain't, that that just ain't, that just ain't  
enough  
I can take you everywhere, all around the world  
I like how you do it, just put it in reverse cowgirl

Giddy up, giddy up, pump it up girl, set it up, set it up  
I like how you do it, just put it in reverse cowgirl  
Giddy up, giddy up, pump it up girl, set it up, set it up  
I like how you do it, do it, do it

Just put your hands in the air  
Wave 'em around and go yee haw, yee haw  
Just put your hands in the air  
Wave 'em around and go yee haw, yee haw

Baby let me rope you up  
Tie you down, do it right  
No matter how hard you buck  
Gon' get wild all night

We gonna go left, right, front, back  
And no, that just ain't, that that just ain't, that just ain't  
enough  
I can take you everywhere, all around the world  
I like how you do it, just put it in reverse cowgirl

Giddy up, giddy up, pump it up girl, set it up, set it up  
I like how you do it, just put it in reverse cowgirl  
Giddy up, giddy up, pump it up girl, set it up, set it up  
I like how you do it, do it, do it

Just put your hands in the air  
Wave 'em around and go yee haw, yee haw  
Just put your hands in the air  
Wave 'em around and go yee haw, yee haw

Girl, you lookin' like a 9  
Where I'm from that's a NeNe  
And she got that trunk space  
Remind me of my Beemer

Yeah right, that 760, not that 745  
Like the way you back it up  
Even might to let ya try

Get jail, no bail  
Worried because I'm high risk  
I'm the type to ride and listen to his own shit  
She like the way I ride the track

I'm trying to pull the tracks out  
Young gon' to be a chiropractor  
I'm 'bout to check her back out

Told 'em like the feds  
Take a picture, I don't give a fuck  
We can do it anywhere  
Even in my Caddy trunk

Yeah, you know she thoroughbred  
Me, I gets that thorough bread  
Girl just say she's so smart  
That's why I call her thorough head

Just put it in reverse cowgirl  
Giddy up, giddy up, pump it up girl, set it up, set it up  
I like how you do it, just put it in reverse cowgirl  
Giddy up, giddy up, pump it up girl, set it up, set it up  
I like how you do it, do it, do it

Just put your hands in the air  
Wave 'em around and go yee haw, yee haw  
Just put your hands in the air  
Wave 'em around and go yee haw, yee haw, girl

Giddy up, giddy up  
Set it up, set it up  
Giddy up, giddy up  
Set it up, set it up
