Is all upon knew you now,  
All up in my house,  
I know no window no house  
You thought I was going out  
When the night has come  
And that soon it's you begin to unwhine  
It's when I lost my mind

I think it's supper time  
This day is getting close to my  
Supper time, I can't believe my  
Supper time, I'ma feel lost supper time yeah

Thinking bout you girl, ohh  
Supper time, uh supper time  
'Cause I've been knocking those out  
I chillin knockin down  
Got all up on my couch,  
How long is even around

Don't cut up the lights lil up shine  
'Cause I can't find nothing right  
We... up and cry

I think it's supper time  
This day is getting close to my  
Supper time, I can't believe my  
Supper time, ohh I'ma feel lost supper time yeah

Think we poppin girl, ohh  
Supper time, ohh, ohh
