so i came over to see, would you mine dancin' with me
(and why)
is you suckin' up these club juices, come ride with me
we can ride on the dub duces
i live right off of ridge road, i can show you the studio
(plus i)
could give love you neva knew about, that's why i can't
understand how you can do without

(bridge)
but see im not tellin' lies,
you fine you a dime can't get you out my mine girl it's
time to make love

(chorus)(2x)
something that you never made before see them otha
kind of brothers just gonna treat you like a hoe but i
won't
you gotta believe me i tell you no lie
just lay back and enjoy cause it's time to make love

(verse)
baby girl i said i love ya
all i want in this world is yo love and to hold ya
i don't care what the people say about about my
longest relationship out of town

baby girl you the star up in my sky, girl you stole my
heart and i can't even lie
i appriciate you for changing my weather and i promise
to be with you forever and ever
and i know that ya mama don't trust me and she hate

when you tell her that you love me
but you know that it's gonna be alright cause superboy
my heart to take flight
girl you the star up in my sky, girl you stole my heart
and i can't even lie

(bridge)

but see im not tellin' lies,
you fine you a dime can't get you out my mine girl it's
time to make love

(chorus)(2x)

something that you never made before see them otha
kind of brothers just gonna treat you like a hoe but i
won't
you gotta believe me i tell you no lie
just lay back and enjoy cause it's time to make love

(verse)(rap)

it's about that time baby
look up in the sky and you will see me in the light that
shine brighter then some head lights on the city
but we will be way more serious then boyfriend and
girlfriend got my head spinnin' like a whirl wind
shawty i know i made some mistakes but i can make it
up by giving you this wedding cake
and i kno it ain't know need to push and shove hold a
grudge
the man above will let us kiss and hug
cause baby it's time to make love

(chorus)(2x)

something that you never made before see them otha
kind of brothers just gonna treat you like a hoe but i
won't
you gotta believe me i tell you no lie
just lay back and enjoy cause it's time to make love
