ooo

It feels like,
I
Cant survive
Like im not alive
But you can revive, me
We love

And i wont even try
To act like
I
Cant say goodbye
Cuz u can revive, me
We love

I want u to hold me,
Console me
And i will give u, the whole me

Cuz u got me,
And i got you
We got love

Yea

sigh
Let it breathe,
Let it breathe
oooooo
I want you to hold me
sigh
ooooo
leeee-yeaaa-ooooo
yea-ee
wanna let it breathe
