OK

i got skills that pay bills, quotes that pay car notes nd
rhymes that skip V.I.P. lines
but if what you saying aint payin and yo words aint bein
heard then maybe ill let you borrow some of mine
i dont suggest that im the best but i can guarentee you
this that im better then what most niggas just portray
so if im at home in the booth or on stage speaking the
truth you mothafuckas will respect the shit i say
now see its hard for me to stop and this is why ur on my
jock i get deeper than a verse from gorilla zoe
and im a cool dude till i get disrespected and yes ima
lay you flat just like a gorillas nose
see im not a sex legend and the fact that my heads
dreaded but yet its hard for these bitches to resist
so if you coming to my shows and expectin keep yo
hoes then youngfyr gon walk right up and tell her
this...
yasimelike

you aint never seen a nigga that stack and flippin
quicker than me
bitch yasimelike

and i aint never met anotha mothafucka thats flyer
than me
bitch yasimelike
yea the shades stay tinted well bitches still see im

winning
yasimelike
still a mothafuckin boss still in ya girls throat see im

yasimelike

see the first verse was a formality it had to be that but
now i just really feel like goin in
on all these niggas that be acting like they gangstas till
they see a gun but nigga if you scared dont pretend
see i never said ima gangsta and im not saying i am
but i got niggas that will off you for a stack
click click bang bang ya hood is a gun range boom
boom buck buck blacka blacka
but as long as i got youngfyr we dont have to pull no
fire i can keep killing you niggas mentally
or i can just call u and fyre on threeway and we can
both explain how wack yo instrumentals be
i got the best producers you best get used to me being
the best to ever spit
ima keep making money u keep making this music
funny so we wont have to call you and tell you shit
yasimelike

you aint never seen a nigga that stack and flippin
quicker than me
bitch yasimelike
and i aint never met anotha mothafucka thats flyer
than me
bitch yasimelike
yea the shades stay tinted well bitches still see im
winning
yasimelike
still a mothafuckin boss still in ya girls throat see im
