Here's a little story that i got to tell  
about a young mother fucker that went through hell  
he started up in Tallahassee Florida  
hoping that somebody would save him from the border  
He started making beats for the local stacking bread  
And joined up with a click called the nappy headz  
the money came slow but the hate came quick  
talking behind his back like Pain aint shit  
He was going out of town just to put it on stage  
Blind to the fact that he wouldn't get layed  
Slept in car, clothes in the backseat  
20 dollars to get them hoes in the back seat  
Got tired of that then he set some goals  
hoping that his rap shit would get him to the get-to-go  
never thinking what he bout to be then 6 years later  
everybody copying me

you copy me?  
What? You copy me?  
What? You copy me?  
What? You copy me?  
What? You copy me?

One fateful day he said fuck it  
hoped in the Chevrolet bucket Then he went to Micky  
D's got a application no worry to just to where this rap  
will take him so he gave up took the paper home  
4 dollars in an hour that's pay for hoe  
but he aint to grown  
so he got no bills no car just enough to make it home

Then ring ring on a mobile phone area code say 404

Oh yo this Akon what up nigga Man, the shit sounds  
good  
shut up nigga  
Click!  
just leave me the fuck alone  
and somebody better quit playing on my fucking phone  
and then he said Na this  
what I am about to do have everybody copy you you  
see me na?

you copy me?  
What? You copy me?  
What? You copy me?  
What? You copy me?  
What? You copy me?

2 10's in the bucket man fuck it im taking my black ass  
to the ATL  
and Im a make it there in 3 in a half hours even if I  
gotta go through hell  
Na i can't tell if this is the kind of choice I should be  
making all by myself  
but I am gonna commit suicide if I see another  
untalented nigga on the best buy shelf  
Well hooked up with Akon and bobocar sat down at a  
pizza palor Its kinda hard try to explain who you are  
when you showed up getting off the marter  
so I show the niggas a couple of dvd's Cds some of the  
shit I did on TV  
Cause I suked at basketball but this is way better after  
all  
See me now nigga

you copy me?  
What? You copy me?  
What? You copy me?  
What? You copy me?  
What? You copy me?
