And I'm thinkin' I may as well stay
And I'm thinkin' suicide rage
It's gonna rain today

What I need is time to mend
Broken down my friend I'm near the end
Psychosomaticism, victim of
Perpetual helplessness, guilty of

And I'm sinkin' in clay
Suicide rage

Goin' down through browning fields
Stumbling down, I'll tell ya what I mean
Muddy measures and rotten dreams
Dirt is my blood flowin' like a stream

And I'm sinkin' in clay
Suicide rage

Regurgitating my inner bile
Secrets kept, I'm in denial
Muddy measures and broken dreams
Dirt is my blood flowing like a stream

And I'm thinkin' I may as well stay
Suicide rage, suicide rage
