Abolish Government  
Its nothing to me  
Forget about god  
He's not here to see  
We live by a system  
A perfect mold  
People perfect people  
Who are poor and old  
Lives were spent on the ladder of success  
Working for nothing in this  
In this worthless mess  
Presidents a name  
Presidents a label  
Highest man on the government table.  
America  
Land of the free  
Free to the power of the people in uniform  
People are so blind they just can't see  
Send your son to bootcamp  
Send him off to war  
If he comes back he'll be dead and nothing more  
Struggle for a land, for a country, for a freedom  
All you mindless people looking for someone to lead  
them  
Wake up to the same old shit  
Live your life to suit their fit  
Some people they don't like your hair  
Policemen they just don't care  
Snipers that want to be  
Rifle sites are aimed at me  
Wake up silent majority  
The government they don't want us here  
You folks can't feel that fear  
You can walk the streets today  
You can walk in your own way  
People think that I'm crazy  
These people just can't see  
Wake up silent majority  
Live your life  
Day by day  
Doing everything

That they say  
Silent majority  
Promote freedom  
Let it be heard  
Don't forget that it's only a word  
Silent Majority  
When you gunna wake up?
