[Verse 1:]

That cake I show u how to get it boi
I got it to spend
I mean I got I have 20 thousand in my pocket since

Or entrapaneir
Another young black self made millionaire
Purple I keep it in a chronic
Blow that shit in the air
It dnt care nothin bout no money throw that shit in the
air
We in g5 tryna fit strippers in here
And bust it open they self when we get in the air
They said money done gone
Well I'm a go get it
I whiped out 20 I could still cast in dis
In a hummer bought a hummer headed straight for a
bently
Then u could start chillin
Nigga dnt be silly
Listen I'm a keep grindin I'm a keep pillin
5 million hours of chiefin n start dealin
Now I've been in different women who give me money
I'm not tripin
At 40 I'm a be in my yat with my grandchildren

Ye ain't got nothin for me
U betta get that for me [x4]

[Verse 2:]

Picture perfect I paint a perfect picture bad bitches
Standin vert. my intentions is gettin busy
Top in dis.

And we ridin down 20
Hit this one time and then get busy
A let me hit that one time and swicth cities
If I'm really gettin busy my heart is gettin women
Sell trend rides

Crib with pools I ain't even went swimmin

Million dollar worth of watches sum times I keep thinkin
