"Life's A Gas"

I could have loved you good like a planet.
I could have placed our love in the sky,
But it really doesn't matter at all,
No it really doesn't matter at all, life's a gas.

I could have built a house on the ocean.
I could have chained your heart to a star.
But it really doesn't matter at all,
No it really doesn't matter at all, life's a gas.

I could have turned you into a priestess.
I could have burned your fate in the sand,
But it really doesn't matter at all,
No it really doesn't matter at all, life's a gas.

But it really doesn't matter at all,
No it really doesn't matter at all, life's a gas,
Hope it's gonna last.
