I wouldn't lie
4X

your like a sanctuary
in poet's memory
(I wouldn't lie)
the universe of happiness
beneath your be-bop dress

and I love you....
and I love you....
your my nameless wildness

your like a precious ford
his stolen golden doors
(I wouldn't lie)
so deep your consciousness
volcano's in my breast

and I love you....
and I love you....
but your my nameless wildness

(guitar solos)
I wouldn't lie

cause I love you
and I love you....
your my nameless wildness

I wouldn't lie
(4X)
