Null And Void

Tell me with Perfection in your voice  
That you never really had a choice  
Place on me the burden of the past  
Offer me the future and take it back

Show me what you never meant to show  
Tell me what I'm not supposed to know  
Contradict me when you're in the wrong  
Don't commit to anything at all

My life is null and void  
Dismantled and destroyed  
My life is null and void  
My life is null and void

Fill me with compassion and concern  
Thrill me with an unexpected turn  
Tempt me with the secrets that you hold  
Don't divulge until you're in control

Show me what you never meant to show  
Tell me what I'm not supposed to know  
Contradict me when you're in the wrong  
Don't commit to anything at all

My life is null and void  
Dismantled and destroyed  
My life is null and void  
My life is null and void

My life is null and void  
Dismantled and destroyed  
My life is null and void  
My life is null and void

My life is null and void  
Dismantled and destroyed  
My life is null and void  
My life is null and void
