Music by: A. Voytinski

Lyrics by: V. Polienko

Nikto nichego nikogda ne poimyo
Takaya lyubov', iskusstvenniy myod
Iskusstvenniy myod, iskusstvenniy lyod
Iskusstvenniy rai, skoreye vklyuchai
(No one will ever understand anything
That this love is artificial honey
Artificial honey, artificial ice
Artificial paradise, quickly turn it on)

I ya nikomu ne skazhu, chto ya robota lyublyu
Robota lyublyu, robota lyublu
(And I won't tell anyone, that I love a robot
I love a Robot, I love a robot)

Robot, robot, robot
Ya tebya lyublyu, my tak hoteli
(I love you, we wanted it to be this way)
Robot, robot, robot
Ya tebya vklyuchu I poleteli
(I'll turn you on so we can fly)
Robot, robot,
V tvoyem serdtse elektronniye meteli
Poleteli, poleteli, poleteli, poleteli
(In your heart are electronic storms
Let's fly, let's fly, let's fly, let's fly)

Robot, robot, robot
Ya tebya lyublyu, my tak hoteli
(I love you, we wanted it to be this way)
Robot, robot, robot
Ya tebya vklyuchu I poleteli
(I'll turn you on so we can fly)
Robot, robot,
V tvoyem serdtse elektronniye meteli
Poleteli, poleteli, poleteli, poleteli
(In your heart are electronic storms
Let's fly, let's fly, let's fly, let's fly)
Takaya lyubov', nereal'niy polyot

Iskusstvenniy myod, iskusstvenniy lyod
Takaya lyubov', iskusstvenniy smeh
Iskusstvennie sneg, I vse kak vo sne
(This love is an unreal flight
Artificial honey, artificial ice
This love is artificial laughter
Artificial snow, and all of this is like a dream)

I ya nikomu ne skazhu, chto ya robota lyublyu
Robota lyublyu, robota lyublu
(And I won't tell anyone, that I love a robot
I love a Robot, I love a robot)

Robot, robot, robot
Ya tebya lyublyu, my tak hoteli
(I love you, we wanted it to be this way)
Robot, robot, robot
Ya tebya vklyuchu I poleteli
(I'll turn you on so we can fly)
Robot, robot,
V tvoyem serdtse elektronniye meteli
Poleteli, poleteli, poleteli, poleteli
(In your heart are electronic storms
Let's fly, let's fly, let's fly, let's fly)

Robot, robot, robot
Ya tebya lyublyu, my tak hoteli
(I love you, we wanted it to be this way)
Robot, robot, robot
Ya tebya vklyuchu I poleteli
(I'll turn you on so we can fly)
Robot, robot,
V tvoyem serdtse elektronniye meteli
Poleteli, poleteli, poleteli, poleteli
(In your heart are electronic storms)
