[Verse One: T.I.]

When I think about all my time and all my struggle  
Through all my grinding and all my troubles  
Man I came up from nothing, all I had was a hustle  
With a blindfold trying to find  
Pieces to the puzzle no muzzle  
I tell it like it is, that's that  
Right or wrong I'ma call it like I see it don't forget  
That impossible is nothing your environments  
irrelavant  
Just don't let your emotions overpower your intelligence  
Refuse to give up, your mistakes don't define you  
They don't dictate where your headed they remind you  
The Time keep ticking let your mind keep clicking  
Never stop thinking be aware of your positions  
Be aware of the collisions and the potholes sitting  
On the road that you travel on your life long mission  
Just listen every day is like a snapshot taken  
If you live you can learn to be patient

[Hook: John Legend]

Cuz life is like a slideshow  
All the places that I go  
And I the things that I know  
Through all the highs and low  
Cuz life is like a slideshow  
All things that I've seen  
And all the things that I've dreamed  
You can't take away from me  
Cuz life is like a slideshow

[Verse Two: T.I.]

As I look back at a fly young cat  
Who could rap with a dream look where I took that  
Beginning on Bankhead then it spread out  
Vision in my head all I had to was get it out  
When I walked out of my house and looked at my street  
All I seen was opportunity that led me to truency  
I ain't really have a role model to infleunce me  
Uncle Quinn in prison they say next  
It's going be you in it

As I juvenile caught cases so fluently  
Look at my life and learn from it don't do it  
If I only knew back then what I know now  
How much better life would of been if I'da slowed down  
Maybe I'da been Kanye instead of seeing Gunplay  
But God got a plan, I'll understand one day  
But one day of life, like a snapshot taken  
Just believe you can make it have faith be patient

[Hook]

[Legend singing]

Ohhhh, ohhh, ohhhhhh~!

Looking back on my lifetime

See the slides go by, sometimes I wonder why

Looking back on where I've been I remember when

Do you remember then
