Ty boish'sya temnoty
No ne mozhesh' spat' pri svetye
Ty soglasna spat' s lyubym
Kto otvetit
Ty mechtayesh' pro lyubov'
No odnoi mechtat' opasno
Ty soglasna spat' s lyuboi
(You're afraid of darkness
But you can't sleep with the light
You agree to sleep with anyone
Who answers
You dream about love
But it's dangerous to dream alone
You agree to sleep with anyone)

Ty soglasna...
Ty soglasna
Ty soglasna...
Ty soglasna
(You agree...
You agree
You agree...
You agree)

Eto samiy strashniy strah
Eta tishina uzhasna
Ty soglasna do utra
Ty soglasna
Ty ne ischesch' kto spaset
Ty reshila ne spat'sya
Ty soglasna delat' vse
(It's a most terrible fear
The silence is awful
You agree till morning
You agree
You're not searching for someone who will come to
rescue
You've decided against be rescued
You agree to do it all)

Ty soglasna...

Ty soglasna
Ty soglasna...
Ty soglasna
(You agree...
You agree
You agree...
You agree)

I eto slozhno ponyat'
I nevozmozhno pomoch'
I nastupayet opyat'
Obyknoennaya noch'
I ya konechno ne vru
I ty konchno ne vresh'
Ya nikodga ne umru
Ty nikodda ne umresh'
(And it's hard to understand
And it's impossible to help
And begins again
An ordinary night
And I certainly don't tell lies
And you certainly don't tell lies
I'll never die
You'll never die)

Ty soglasna...
Ty soglasna
Ty soglasna...
Ty soglasna
(You agree...
You agree
You agree...
