In the backsacks filling something for insomniacs

In the club on the furniture, f-ck do I care?
Tell the club owner here, Rose, Remy bottle please
Got a car load of bravado and nobody on than me
I plan on being great, I go in, I don't play
Tell your friend that the game can begin if she stay

[T.I - Verse 2]

A dope boy with the swag of a pimp n-gga
Except one thing, I'm paid more than them n-gga
You see a bitch can't afford this life
Had to f-ck a ball player and I'm here every night

Maybe twice, late at night we
Be in white tee's, me and skateboard P no Nike's
Just a pair of Margiella, get a broad tell her rain dance
for this paper

Better get an umbrella
Yeah, had guns like an arms dealer, dream team
lawyers he aint never been a dumb n-gga
N-gga, this ya girl, better come get her
Turn her to a d-ck monster, nut muncher
Sperm cum dumpster, left amongst her
Bitches in the past, pretty titties, plenty ass
They just drink up what we give em
Take shots without any glass
F-ck her in the face till it fall off her till she gas, gas,
gas

[Chorus]

Skateboard P make your face fall off
Serve a bitch straight D make her face fall off (ok)
N-ggas come through and make your face fall off

Oh its amazing, so amazing, so amazing
Amazing, so amazing

[Pharrell - Verse 3]

And it don't stop
A lot of n-ggas out there think that they can do what we
do
Be my guest, go front for the people
But just like a store front, they gon see through
That you sweet like bubble gum and they gon eat you
How you blowing up n-gga, they chewing you
And when you hit rock bottom, they shoo'ing you
Like "ooh you, ooh, get away"
Not you, yeah right, ok
Don't listen to these guys
These n-ggas full of lies
Cut em open and they cover up the floor, you surprised
Everytime they talk about what they gon get
They been looking at my blog, knife and forking my sh-
t
While I'm tryna get the new G-5 with the kit
With the bed in the back cause my son hate to sit
And all that dark blue sh-t, ya'll n-ggas been had
My diamonds rainbow like the register for black
Every aspect where the plane (?)
(?) brightness like a chain poster have
Got it from the ring so they know that its great
Plus the Audemar, I guess my wrists couldn't wait to tell
yaâ€¦

[Chorus]

Skateboard P make your face fall off
Serve a bitch straight D make her face fall off (ok)
N-ggas come through and make your face fall off
What the f-ck you gon do? make your face fall off

Oh its amazing, so amazing, so amazing
Amazing, so amazing
Baby baby
Amazing, so amazing
Amazing, amazing, so amazing
Baby baby
