Dig pimp, I'ma holla at y'all in a minute
I'm finna go change clothes, mayne
Go get real spiffy, mayne
Go kick it with my broad, I'ma holla at ya later

I left the kids at the crib and the squad in the trap
Now I'm in the two seater with my broad in my lap
The alpines beatin', but I'm far away from rappin'
Bumpin' Prince, Sade, or some Marvin Gaye perhaps

I put up my blues, put on some tailor-made slacks
Some wing tip shoes, whachu know about that?
Button down, cufflinks, hair cut, no hat
Just felt like gettin' clean and show I know how to act

At Neiman and Marcus, let my girl blow three or four
stacks
Gotta forever to cut the food and damn I'm relaxed
In a real cool mood, no beef, no gats
But there real close by, niggaz better know that

I ain't hangin' with my niggaz, pullin' no triggaz
I'll be back to the trap, but for now
I'm chillin' with my bitch today
I'm chillin' with my bitch today

I ain't hangin' with my partners, I'm out eatin' lobster
I'm on some grown man shit, ya dig
I'm chillin' with my bitch today
I'm chillin' with my bitch today

This shit look hard, no drama from none of my baby
mama's
With my hottie, takin' shots of Saki at Benihana's
Known to kick it like we riches, like Guy Ritchie and
Madonna
Or either Will and Jada, on vacation for the summer

Me and my lil' mama, blowin' big as we wanna
Gotta big sack of some of that shit from California
A bottle of Patron and a six pack of Corona
Dro aroma got the six hot and steamin' like a sauna

So I let the top back and I bend another corner
Check into the W, so I can put it on her
Got the suite for a week but we can stay a lil' longer
I ain't trippin', that's the shit that make relationships
stronger

I ain't hangin' with my niggaz, pullin' no triggaz
I'll be back to the trap, but for now
I'm chillin' with my bitch today
I'm chillin' with my bitch today

I ain't hangin' with my partners, I'm out eatin' lobster
I'm on some grown man shit, ya dig
I'm chillin' with my bitch today
I'm chillin' with my bitch today

Tonight I'm gon chill with my lady friend
She the type to keep a nigga open
I'm chillin' with my bitch today

I left the stress in the streets and I'm a long way from
home
Put up the vest and the chrome, even threw away with
my phone
My partners don't wanna be on the shit that I'm on
mayne
Livin' life and kickin' it like a grown man

Sittin' in the sand, drinkin' pina coladas
With a double shot of rum, just chillin' right by the
water
No judges, no lawyers, in a whole 'nother world
Just a bottle and this O a dro, blowin' with my girl

I ain't hangin' with my niggaz, pullin' no triggaz
I'll be back to the trap, but for now
I'm chillin' with my bitch today
I'm chillin' with my bitch today

I ain't hangin' with my partners, I'm out eatin' lobster
I'm on some grown man shit, ya dig
I'm chillin' with my bitch today
I'm chillin' with my bitch today

Tonight I'm gon chill with my lady friend
She the type to keep a nigga open
I'm chillin' with my bitch today
