Gotta grind won't stop  
Hustle won't quit  
Shine like no other, I be on some other shit  
I got a high bright lifestyle super bad bitch  
If I want it, then I got it  
If I don't then all I gotta do is  
Go, get it, stay about my bindess  
Ball till I fall, floss it till I get it  
If I don't then all I gotta do is  
Go, get it, stay about my bindess  
A living get to stacking million to the ceiling

Eveyday I ball brown, all I wanna do is ball  
Put my money over bitches, put my hustler over all  
Louie... Luis Vuitton kicks,  
Got a... how to swagger, bitch you stupid dumb sit  
With a group of young bitches and they stupid dumb  
dick  
I'm the marathon man, all I do is run shit  
A sophisticated kind of it, superficial, still efficient  
Multimillion knowledge shit  
Money... hot shit, bitch I got a sauna on my arm  
See bigger with no diamond...  
They just talk about they got it,  
I'm the upper echelon  
Bitch I'm bout that... we going we could come  
I have done more than you dream bout,  
... dream house, on lean passing the beans out  
With a bad crew, the whole team high  
Go on boy, get... well you know me, you know I be  
Stacking that dough, that's all I see  
I g.o.g.e.t.i.t.

Gotta grind won't stop  
Hustle won't quit  
Shine like no other, I be on some other shit  
I got a high bright lifestyle super bad bitch  
If I want it, then I got it  
If I don't then all I gotta do is  
Go, get it, stay about my bindess  
Ball till I fall, floss it till I get it  
If I don't then all I gotta do is

Go, get it, stay about my bindess  
A living get to stacking million to the ceiling

I live life for the late night  
This shit rang when I take flight  
I get paid, no sick days  
My outfit's so switch blade  
Don't sniff jay, but I blow drunk  
Bank roll on loco  
Still ride with that 44  
Don't let my po know  
Bad white bitch super thick  
I'm ice tea, she coco  
She got another bitch, jump other bitch  
Her ass fat,... no paper trip, no phone call  
No emails, no photos  
Jump back on shot, with that fat butt...  
Purple label polo... that's what I do  
Man I strive and roll my denim...  
And this girl get back around...  
We kick it how we kick it  
Know you... how I'm living  
Boy you know me, you know I be  
Stacking that dough that's all I see  
I g.o.g.e.t.l.t.

Gotta grind won't stop  
Hustle won't quit  
Shine like no other, I be on some other shit  
I got a high bright lifestyle super bad bitch  
If I want it, then I got it  
If I don't then all I gotta do is  
Go, get it, stay about my bindess  
Ball till I fall, floss it till I get it  
If I don't then all I gotta do is  
Go, get it, stay about my bindess  
A living get to stacking million to the ceiling
