Feat. Ciara

(T.I. & Ciara)

Now you can never ever say I ain't gave My Love,  
You can never say that I don't care,  
Since the beginning I've been here, and I ain't changed  
My Love,  
Regardless of what you may feel,  
Us breaking up today would be a shame My Love,  
Don't think it's such a good idea,  
But you don't show me that you appreciate My Love,  
I had to Say Goodbye My Dear...  
My Dear, Say Goodbye My Dear...  
My Dear, Goodbye My Dear... My Dear, Say Goodbye My  
Dear...  
My Dear, Say Goodbye My Dear...

(Ciara)

I'm packin up boy I got to leave,  
Gave you my heart and my soul, I gave everything...  
Spent so much time in the streets,  
You lied, you creeped,  
And I stayed here with you.  
OOH...  
Don't wanna do this to my family,  
They wanna see us together, living happily,  
But you are so unfair, you showed no care,  
And that's why I am through...  
All the pain, (all the pain)  
All these years, (all these years)  
I hate to walk away,  
But I got to Say Goodbye My Dear,  
I'm so done with you boy.
