Ride For Me So imma Die For You  
Is You Wit Me?(Well Let's Get It)

[Keri Hilson:]  
I got your back boy

[Chorus: Keri Hilson & T.I.]  
When were high(T.I.:From when its all good)  
When were low(T.I.:To when its all bad)  
Boy I promise I will never let you go  
Said I got I got I got I got yo' back boy  
(Now What you call dat)  
I got I got I got I got yo' back boy  
(I know you got my back right)  
Keep my swagger  
Keep it looking good for ya  
Keep it looking hood for ya  
Shawty if you don't know  
I got I got I got I got your back boy  
I got I got I got I got your back boy

[T.I. Verse 1]  
Hey it's whatever shawty  
You ain't gotta ask  
Yes, Valentino blouses, summer houses, cash, check!  
You can get it you deserve it, flawless diamonds, Louie  
purses,  
My mission's to purchase Earth for her  
Present the gifts without the curse  
Her pleasure is my purpose  
Pleasure to be at your service  
We front row at fashion shows  
As well as Sunday morning service  
But better days or for worse  
If I'm paid or I'm hurting in my pocket  
She still got a nigga back, know that's for sure  
No matter what may occur in life  
Everyday with her is like a plus

I'mma love her til she be like that's enough  
Pop a bottle get a couple wine glasses fill em up and lift  
em up  
Let us toast to the future here's to us  
No, here's to her

[Keri Hilson - Bridge]

They wonder how we do what we do  
Panamera Porsches me and you  
Stuck to your side like like like glue  
Be by your side whatever your gonna do

[Chorus]

[T.I. Verse 2]

This is for the women who man caught a sentence  
Who gon be there for a minute but they didn't keep  
their distance  
They stayed home waiting on the phone  
And on visit day show up looking good smelling better,  
playing kissy face  
Just wanna let you know we appreciate(I appreciate you  
baby)  
Everything you do for us on a day to day  
And I know we don't show you all the time but we lucky  
that you ours  
No bouquet of flowers could ever show how much we  
know we need you  
We do all that's in our power just to please you  
See boo, fuck them girls, I would leave the World 'fore I  
leave you  
May God say even Eve and Adam ain't got shit on these  
two

[Bridge]

[Chorus]

[T.I. Verse 3]

Sure enough  
Even though them chicks be hating on us  
Still I'm gonna keep her by my side  
In whatever situation we gon ride  
Make all my fantasies come alive  
That's no lie now  
I'll be, alright just as long as you beside me  
10 million dollar mansions won't suffice  
If you ain't gon be in there with me at night  
The pieces to the puzzles in my life  
With all of my good days and all of my bad  
You stood by your man(stood by my man) and you  
know you got my back

Worth every car, every bag, with me they wanna be that  
I know what I got at home  
I ain't gon never leave that  
Them bitches best believe that
