This is for the girls who get tipsy,  
But never get too drunk,  
This is for the girls who dance sexy,  
But never show too much,

This is for the girls who get tipsy,  
But never get too drunk,  
This is for the girls who dance sexy,  
But never show too... Stop.

If I talk shit to you,  
Would you it talk back to me too... baby?  
If I wanna dance with you,  
Would you wanna groove with me too... baby?

Cos' we can get it on all night long  
It ain't nothing that caught yu baby  
We could turn it up all night long girl  
It ain't nothing that caught ya baby

Arrive on set,  
I'm so fresh,  
Immediately get the other guys upset.  
So fly that I aint gotta buy no jet,  
That's how I get their minds on sex,  
Make chicks sweat, literally yeah,  
They self so hot, and they're their thighs so wet,  
And I don't taste, no, I don't stress,  
Any girl I want, know I'm gun' get.  
I can catch juliet, don't need no net.  
Plenty fish in the sea, baby please know that.  
And the dude that you with,  
Baby he's no threat.  
His stacks on d's, my g's on deck.  
What you want you recieve,  
What you need you get,  
Just give me one shot like russian roulette.  
I must confess, I'm obsessed.  
Just gotta get up under her dress.

If I talk shit to you

Would you it talk back to me too... baby?  
If I wanna dance with you  
Would you wanna groove with me too... baby?

Cos' we can get it on all night long  
It ain't nothing that caught you baby  
We could turn it up all night long girl  
It ain't nothing that caught you baby

Hey miss lady,  
Lets say maybe we leave this place, go crazy  
Get shit faced and get x-rated  
Take turns getting our faces decorated,

Cum till your body get numb,  
Have you hyper ventilatin'  
Make you cum until you say you can't take it,  
Really,  
I just wanna give you that feelin'  
Lookin' at you make me wanna spread a few shillin'  
Have a few children,  
Imagine me behind you drillin'  
Till you pass out through dillin'  
Girl god willin' I'ma make you click on all cylinders,  
Scream like I'm killin' her,  
Bust off once I'm still in her,  
Go soft, oh no I didn't sir,  
Come with me and your gettin' served,  
All night till your muscles tight and your vision,  
Blurred,

Said if I talk shit to you,  
Would you talk it back to me too... baby?  
And if I wanna dance with you,  
Would you wanna groove with me too... baby?

Cos' we can get it on all night long  
It ain't nothing that caught you baby  
We could turn it up all night long girl  
It ain't nothing that caught you baby

I got something for you,  
I hope you ready,  
Cause you gon' get it,  
(Boy talk to me)  
Once I get them jeans off you,  
And get you naked,  
I hope you can take it,  
(Boy talk to me)  
From the front from the back,  
Give it to me, throw it back,

Don't run from it, aint this what you wanted?  
(Boy talk to me)  
On the bottom, on the top,  
I won't stop until you pop,  
Girl work it, don't you like it dirty?  
(Now bring the hook back)

Said if I talk shit to you,  
Would you it talk back to me too... baby?  
If I wanna dance with you  
Would you wanna groove with me too... baby?

Cos' we can get it on all night long  
It ain't nothing that caught you baby  
We could turn it up all night long girl  
It ain't nothing that caught you baby,  
Ouh ouh yeah.
