[Chorus]:

When I was young we only had fun hit the club it was fun

(We used to love to be the life of the party, but then we always got to fightin' and arguin', and had to get it poppin' right at the party) I used to say "G" can't you niggas stay "G" then I had to see the reala'

(Well He just wanna be the life of the party, he probably bustin' out the sprite n' bacardi, and he don't wanna lose his life at the party)
