Ladies and gentlemen

Phizzle
T.I.
Dream

(T.I.)
Long hair, cute face
Big booty, thin waste
Breasts so pretty they can't be real
They is
That's what she'll say
She'll play
With her girlfriend, tag team on the sex, I give away
Get 'em on Patron, for real they
Both gon' have a field day
Never had experience
Gorgeous but they curious
So gorgeous and so serious
I'm panty pumpin' number one, I'm serious
I'm talkin fast cars, bright lights
Big city long nights
Pretty women on site
I give it to em all night

(Chorus) (T.I. with The Dream)
It had bright lights
Rollin' through the city in that M6
Every other radio station
Playin my, oh
In a minute she gon' be rite up on my...
And Oooo
She ain't had none in a minute so I'm really finna put it
on you
Just got a text from your man, no he mad, he ain't got a
clue
You know it
He can't love you like I do
He can't do it like (I do)
He can't do it like (I do)
He can't do it like (I do)
So go shawty, twerk that, bump it and work that (I do)

He can't do it like (I do)
You know he can't do it like (I do)
He can't do it like (I do)
I'm not like him and I'm finna put it on you like

(T.I.)
Shawty say she got a man but
He don't really stand up
And that stuff that like he supposed to, all he do is
handcuff
So she come see me relax
Give me love, recieve it back
Sex her, stetch her body out so much, she say I needed
that
I'm talkin' prime time pornstar
Goin' hard goin in
Ride me like a foreign car
Invite a friend to join in
I'm talkin fast cars, bright lights
Big city, long nights
Pretty women on site
I give it to em all night

(Chorus) (T.I. with The Dream)
It had bright lights

Rollin' through the city in that M6
Every other radio station
Playin my, oh
In a minute she gon' be rite up on my...
And Oooo

Just got a text from your man, no he mad, he ain't got a

He can't do it like (I do)
He can't do it like (I do)
He can't do it like (I do)
So go shawty, twerk that, bump it and work that (I do)
He can't do it like (I do)
You know he can't do it like (I do)
He can't do it like (I do)

[Verse 3:]
Catch me in the old school, new school
Vert drop hard top
See me and at least 2 freaks pulled over in the parkin'
lot

Engaged in conversation yo and listenin' to the radio
Give it to em ruff, they say but treat 'em like a lady
though
She never kissed a girl befo'
But fantasized 'bout girls befo'
Imagine havin sex with women, just don't want the
world to know
I'm talkin fast cars, bright lights
Big city, long nights
Pretty women on site
I give it to em all night

(Chorus) (T.I. with The Dream)

It had bright lights
Rollin' through the city in that M6
Every other radio station
Playin my, oh
In a minute she gon' be rite up on my...
And Oooo
She ain't had none in a minute so I'm really finna put it
on you
Just got a text from your man, no he mad, he ain't got a
clue
You know it
He can't love you like I do
He can't do it like (I do)
He can't do it like (I do)
He can't do it like (I do)
So go shawty, twerk that, bump it and work that (I do)
He can't do it like (I do)
You know he can't do it like (I do)
He can't do it like (I do)
