

## T.i. "My Life Your Entertainment"

Visit "[My Life Your Entertainment](#)" on MotoLyrics.com

Ft. Usher

Hey, hey  
Hey what's happenin' erry'body  
I hope they get my good side  
You know I gotta look good when I walk out the house  
You know I know the camera's following me  
I know they taking pictures, right Drama  
Ay man, you watch it I live it, you dig that  
Y'all sit back relax get some popcorn man  
I'm gonna make it a good show, you dig that  
This goin' make a hell of a movie huh

(Chorus) (Usher)  
My life, your entertainment  
You watch it while I live it (live it)  
I walk they follow (ay)  
I talk they holla (ay)  
Just here for your amusement  
My life, your entertainment  
You watch it while I live it (live it)  
You waitin' for me to lose it  
I guess I'm just here for your amusement

The price of fame I think I paid, want my change I done  
gave  
E'rry'thing in my possession for my seconds on the  
stage  
For my name up in lights and multi-million record sales  
I done gave up my life, can't get a moment to myself  
When alone I ask myself, is it worth it? I ain't perfect  
Neither is anybody else, but I think my kids deserve  
To be with Daddy out in public without all the  
interruptions  
When the lies and gossip's published I'm the topic of  
discussion  
And I stay in trouble just to show these suckers I ain't  
lost it  
And I'd do it all again that's the funny thing about it  
I ain't playing, boy I'm 'bout it  
Will I change, boy I doubt it  
I done been a lot of things, I ain't never been a coward

See the paparazzi crowded all around me now  
Same niggas who was dissin' want a pound like I'm C  
now  
Showered with support from my adoring fans  
They hear T.I.'s arrested they're like here we go again

(Chorus) (Usher)  
My life, your entertainment  
You watch it while I live it (live it)  
I walk they follow (ay)  
I talk they holla (ay)  
Just here for your amusement  
My life, your entertainment  
You watch it while I live it (live it)  
You waitin' for me to lose it  
I guess I'm just here for your amusement

Ay, You've seen it all before, guys know how the story  
goes  
It's like 2Pac never died, sit back, enjoy the show  
You see the shit that scares you senseless, I done lived  
through it  
Knew the risks and the consequences and I still do it  
And then I'm so fresh, them niggas mildew it  
Not just a actor by profession, pimp, I live movies  
That's why they whisper when they see me, point and  
stare at me  
'Cause they just wanna live through me vicariously  
Fashion weekend, Paris week, party like a rockstar  
Get blown by a top model 'til she catch lockjaw  
Got the dough you get a year, stashed in my sock  
drawer  
Showed you the troubles and the struggles of an  
outlaw  
Top dog would not fall, I am not y'all  
Couple pages out the calendar and I'm out y'all  
Kid listen, pay attention, you don't wanna be me  
It's safer to watch it on T.V.

(Chorus) (Usher)  
My life, your entertainment  
You watch it while I live it (live it)  
I walk they follow (ay)  
I talk they holla (ay)  
Just here for your amusement  
My life, your entertainment  
You watch it while I live it (live it)  
You waitin' for me to lose it  
I guess I'm just here for your amusement

(Usher)

See I don't think it would even matter (to me)  
Woking a nine to (five) would it be better  
I mean be honest, would you care to gossip about me  
Not likely  
I guess that's just the way that it goes (the way that it goes)  
( 'Cause I know) See I can be somewhere out keeping it cool  
(And get told) Almost anything instead of the truth  
Y'all know more than I do, it's breaking news to me too  
Easy killer y'all know that ain't how I move (ooh)  
He said and she said (what) I did what, with they (who)  
No not me I said (not me) she gave me no head (ooh)  
Won't get me again (hey) I pleaded the fifth (hey)  
I know better than to ever talk during the film...  
In' and flashing lights can blind your eyesight  
To when you can't see what's wrong from right  
Well shorty 'til you walk a mile in my shoes  
And understand this is who I am

(T.I.)  
Usher I completely concur  
Life can be such a blur, obviously we prefer  
Our privacy but instead we endure  
Yes sir, don't expect nothin' less of me  
'Cause this goin' probably be this way until the death of me  
But for the hustle and the lady on my arm now  
Plus all my kids and my mom's I'm a calm down  
And yo, we doin' just fine, and the time's just flyin'  
Live one headline at a time

(Chorus) (Usher)  
My life, your entertainment  
You watch it while I live it (live it)  
I walk they follow (ay)  
I talk they holla (ay)  
Just here for your amusement  
My life, your entertainment  
You watch it while I live it (live it)  
You waitin' for me to lose it  
I guess I'm just here for your amusement
