This is not the time for hesitation
Leave it up to me and we will come for celebration
Ain't no need to fear cause I got this here
Victory my fan...
I'm about to take you to the top now
Raises your glasses up you know this bottle is about to
pop now
See I am no beginner, so if you're looking for a winner

Put your money on me, put it on me, put your money on
me
Put your money on me, cause you gonna win [x2]

What you want me to roll? Seven? Eleven?
In a time started in a game... I'm gonna win it all
Give me the ball the game is on the line we... to have
... Shake it baby, and watch it...

Put your money on me, put it on me, put your money on
me
Put your money on me, cause you gonna win [x2]

It's a win-win you can bet the whole house
Pimpin always stay down, he ain't never sold out

Same way I came in is the way I'm going out
On my own two, still doing numbers in the drought
Shawty what you know about five...
A thousand say I... better, drop my money okay
If you trust me with your heart I'll make it better never
worse
Let's be clear, listen dear, I'm here to help not hurt
Calibrate your shoes Gucci Louie, Jimmy Chius
Step your bag game up, I'll upgrade them too
Out at Giuseppe Mall Jacob Valentino...
... get the keys do your thangs
Say goodbye to the pain and hello to the king
Yeah, things you used to hate about your life are about
to change
I ain't a genie but I can make your dreams come true
Tell the truth,... and I can't...

Put your money on me, put it on me, put your money on
me
If you wanna win, if you wanna win
Put your money on me, cause you gonna win
Put your money on me, put it on me, put your money on
me
I can win this, I can win this
Put your money on me, put it on me, put your money on
me
Cause you gonna win, cause you gonna win.
