[Intro:]

Hey, I know you done kicked it with alot of niggas
before
But you ain't never kicked it with a nigga like me,
though.
Hey Hey.

I see you baby, throw your hands up high
If you wanna come and kick it with a standup guy
Because the rocks gon' glisten and the drop's on 20's
Bend it over let it drop if you wanna roll wit me
I say all my sexy girls throw your hands up high
If you wanna come and kick it with a standup guy
Because it don't get better, niggas don't get cheddar
Like that fella in the yellow, purple label silk sweater.

[Verse 1:]

Bitch stones keep glowin' on my wrist like "Whoa!"
And she can't stop lookin' I know your bitch like those
And she chose, ain't no question if your bitch might
blow
Just get her to the crib and get her whole back so sore
I'm a blow my dro' I'm a pop my peel
Ask anybody: "Wanna take a shot? I will"
Might see me in a different color drop, hot wheel
With the top down low, and the Glock concealed
I got my high up, boostin' racin' up the block, 1 wheel
If the police try to chase me you know they a done deal
I got skills, anybody wanna come test
What's in this 45 will be up in yo' chest
Yeah, I know girls wanna kick it with a nigga so fresh
He could spend a 100k, any day, no stress
The watches is insane, the chain is grotesque
Stay single if you wanna but you gain no cash.

I see you baby, throw your hands up high
If you wanna come and kick it with a standup guy
Because the rocks gon' glisten and the drop's on 20's
Bend it over let it drop if you wanna roll wit me
I say all my sexy girls throw your hands up high
If you wanna come and kick it with a standup guy

Because it don't get better, niggas don't get cheddar
Like that fella in the yellow, purple label silk sweater.

[Verse 2:]

If you got a man and your tired of bein' there
You done gave him too many chances, you're tired of
bein' fair
I offer you the opportunity to ride with a player
You me and a couple of freaks in the ride with a player
Never mind those outside, when they stare
'Cause the chrome 24's on the ride give a glare
Because of 1 guy, you decided to share.
As long as you havin' the time of your life, who cares?
Man, we all sinners, what matters is in the center
I know god see its hard, and I'm a standup nigga
You can't beat me 'cause you ain't man enough nigga
I look him in the eye and tell him man up nigga.
You really gettin' money? Throw a grand up nigga.
Wanna fight? You should've hit me when you ran up
nigga
Really swift, don't waste a hammer, body slam fuck
niggas
Go and kick it with the hoes and throw your hands up
with 'em.

I see you baby, throw your hands up high
If you wanna come and kick it with a standup guy
Because the rocks gon' glisten and the drop's on 20's
Bend it over let it drop if you wanna roll wit me
I say all my sexy girls throw your hands up high
If you wanna come and kick it with a standup guy
Because it don't get better, niggas don't get cheddar
Like that fella in the yellow, purple label silk sweater.

[Verse 3:]

Niggas ain't know me 'cause I live so special
Try to stay low key but it's still so special
Flat screens in the floor, quarter mil' in the dresser
Jewelry box glowing like I loan on treasure
I'm chillin' with Vanessa, met a girl named Heather
Told her "Hi, how ya doin'? Buy a drink? My pleasure"
Told her if she got a home girl go tell her
That I got a hard rug, I could go for-ever
If Vanessa wanna touch it just let her
If she laughed out loud, I'll be shocked if we just met
her
Bought the dro', get low, and its only one-fifth
And it's four peels left, do you wanna come with?

I see you baby, throw your hands up high
If you wanna come and kick it with a standup guy

Because the rocks gon' glisten and the drop's on 20's
Bend it over let it drop if you wanna roll wit me
I say all my sexy girls throw your hands up high
If you wanna come and kick it with a standup guy
Because it don't get better, niggas don't get cheddar
Like that fella in the yellow, purple label silk sweater.
