Blow a hundred thou at will what chu wanna work fo?
Keys to the crib what chu worried bout a skirt fo
You the one I put all them women out da vert fo
Everyday I spent wit chu I swear it make the earth
So much mo'worth livin' nah you gone and it hurt so
Bad, and it's sad but it's cool I aint mad

Astounded cuz i neva believed you'd leave me
In this million dolla crib 13 karat ring

Come back this way
Can't spend anotha day without you
Walk this way
Dont you like our life
