Watch what you say to me  
You better watch what you say to me  
Watch what you say to me  
You say, I spray, hey

Watch what you say to me  
You see me, you know I'm two'd up  
You don't wanna see me cut the full grip  
Well, watch what you say to me  
Let me find out you talkin' tough in your song  
When you see me you know what's up, boy, it's on

Nigga, what you say to me  
You see 'cause I ain't been a fuck, nigga, never  
I'm just warnin' all you, sucka niggas  
Better watch what you say to me  
'Cuz I'm known to make a mountain outta molehill  
You don't want to get your folk killed  
Well, watch what you say to me

Got a tool in my pocket and the club just rock  
Watchin' these niggas while your girlfriend jockin'  
They better let it go because niggas already know  
That I got that thang with me and it ain't just to let it go

I'm tryin' to mind my [Incomprehensible] till I hit it,  
niggas, say yo  
They ain't nobody fuck 'em, I'm thinkin I'm finna bust  
'em, wait  
Look up and see the police is lookin' at me  
I tell C, he tell Doug, they tell KT

We proceed to surround 'em and call the  
[Incomprehensible]  
Pick the perfect spot to make sure that the girls see  
Was watchin' off for doin' the drink, he say what? What  
you think  
Then he call, from then on you can see nothin' but  
bottles

Remy Martin to the noggin, better bust it wide open

Ya bitch standin' here hollerin' while you lyin' on the  
floor, shit  
Why you feelin' sorry for him? He asked for it  
Listen, ya'll, here come the moral of the story

Watch what you say to me  
You see me, you know I'm two'd up  
You don't wanna see me cut the full grip  
Well, watch what you say to me  
Let me find out you talkin' tough in your song  
When you see me you know what's up, boy, it's on

Nigga, what you say to me  
You see 'cause I ain't been a fuck, nigga, never  
I'm just warnin' all you, sucka niggas  
Better watch what you say to me  
'Cuz I'm known to make a mountain outta molehill  
You don't want to get your folk killed  
Well, watch what you say to me

Rap music is sudden ain't it, the way these pictures is  
painted  
You swear these niggas is dangerous, the gangsta shit  
they be sayin'  
Lock 'em up in the booth with a half a ounce of that  
Cannibus  
Sittin' back and watch the Outlandish shit they betrayin'  
but

Soon as you see 'em they freeze up like in museums  
Them statues you like, is that the dude who said he  
was gonna pop?  
Niggas, get runnin' before you finish your sentence  
And then they back to riffin' when they off in a safe  
distance

You, like you was just here, you disappeared like  
magicians in thin air  
I'm like damn, nigga, at least keep it consistent  
I hear you debatin' me lately, I've been doin' my best to  
stay hater free  
Still watch what you say to me

Sooner or later I'll take you up on your offer  
And put you all in your place like I'm replacing your  
father  
You talkin' to the author, the architect of the blueprint  
My DNA in your music, mothafucker, are you stupid?

Watch what you say to me  
You see me, you know I'm two'd up

You don't wanna see me cut the full grip  
Well, watch what you say to me  
Let me find out you talkin' tough in your song  
When you see me you know what's up, boy, it's on

Nigga, what you say to me  
You see 'cause I ain't been a fuck, nigga, never  
I'm just warnin' all you, sucka niggas  
Better watch what you say to me  
'Cuz I'm known to make a mountain outta molehill  
You don't want to get your folk killed  
Well, watch what you say to me

'Cuz I ain't never been a sucka, been gangsta my whole  
life  
So a nigga disrespect me and it's on on sight  
I hear what you say in your songs, some of it I don't like  
Heat it up, I feel tried, I see you, we gon' fight

Be a man, say my name if you talkin' to me  
You never said, well, I figured you ain't talkin' to me  
Find out you is at the awards, well, I'll call you out in the  
street  
I swear I'll beat your fuckin' ass like it ought to be beat

See all that whisperin' is lame, I ain't one for the game  
If I say, fuck you then it's fuck you, nigga, simple and  
plain  
I say, no problem, it's no problem, pimp then you do  
the same  
Now you can just swallow your pride 'cuz you know I'm  
off the chain

Try to refrain from bein' violent but you come out your  
face  
I got my lawyer paid already to catch me a case  
When I feel you disrespected me I'ma get me a case  
But all this shit can be avoided one way

Watch what you say to me  
You see me, you know I'm two'd up  
You don't wanna see me cut the full grip  
Well, watch what you say to me  
Let me find out you talkin' tough in your song  
When you see me you know what's up, boy, it's on

Nigga, what you say to me  
You see 'cause I ain't been a fuck, nigga, never  
I'm just warnin' all you, sucka niggas  
Better watch what you say to me  
'Cuz I'm known to make a mountain outta molehill

You don't want to get your folk killed  
Well, watch what you say to me
