Yeah, ay ay,
Why don't you let me welcome the n-ggas to the World
they aint welcome to
You understand?
It bring me great pleasure to welcome the real and
banish the fake
No big mouth that hold cake, fag bait ass n-ggas
allowed
But to everybody else

[Chorus]

I would like to welcome you
To the World of (to the world of)
Fast money, fast cars, big diamond rings
Chief chains and the girls of
Fake smiles, broken hearts and if you looking
For your real love
You wont find it here
If you looking for your real love
Well goodnight my dear

[Kid Cudi]

Oooh, if you looking for love
Don't come around here
Oooh, if you looking for love
It aint here my dear
Mmmmm mmmmmh
Move on

[T.I.]

It's my pleasure to welcome you to the World of
Fast money, flashy cars, big guns
Undone, threw away for the love of
The game, I dont need a chain or the fame, still shine
Spend time with the girls of
Fake smiles, broken hearts trying hard in the club
looking for
Her real love
You won't find it here
All I got is hard dick and conversation for you
I was just high, even lying when I say I love you

My mind saying it were both
I just wanna f-ck you, her too
Blowing lile smelling like a bubba kush perform
She coming home with me, she finna meet her doom
She aint saying I'm the greatest finna change her tune
The coldest and the hottest call me December June
Deliver euphoria straight to your room
I hit that ass, and I wait, I zoom
Make it rain nonstop call me young typhoon
Top spot already filled up no room
Throw down for some paper and your purse so soon
Well wrong she is and mistaken she was
Tip broke, never heard such thing of
I'll f-ck you up, don't touch me cuz
Just trust me bruh, It must be
Li-li-li-living my dreams
Dont wake me up
Yo-yo-you fake it till you make it, must suck
All th-th-the haters hate us for the flav of the paper
Thats why I cant love my neighbours
Dangerous, don't kick, cut you
If you aint welcome in my world bitch f-ck you
Dangerous, don't kick, cut you
If you aint welcome in my world bitch f-ck you
[Kanye West]
I would like to welcome you

To the World of (to the world of)
Fast money, fast cars, big diamond rings
Chief chains and the girls of

[Kanye West]
I would like to welcome you to the world of
Fake bitches no love, what the f-ck you take me for
Show love, I hate haters in the club
You must not really know where I come from
Exactly where my heart or you would never never
NEVER

UGH, where do I start? people ask me sh-t about
illuminati
First off, f-ck that mean?
He loved Jesus when he he he was worse off
Oh I see, when they, think a n-gga is, stupid rich
People just start coming up with stupid shit
Man shit I could never predict
Hold up, let me hit you with this
Rolling in a Bugatti with fo' chains is some foolishness
Yea yea yea, that'd be the sh-t
They'd rather see a n-gga locked up, why? for stupid
shit
Look how they did my n-gga Tip
Soon as Wayne get out, Tip go in
Wonder why the n-gga wanna make the Clip go in
Wonder why it so hard when it get going
Hold ya head my n-ggas the system is
Made to make n-ggas fall
Made to make n-ggas fail
Especially if you ball
They don't take n-ggas well
Nah, you cant come through flying in a Bentley shining
I'm in the back
Backseat driving screaming on a n-gga like I'm actually
driving

[Kanye West - Chorus]

Welcome you to the World of (to the world of)
Fast money, fast cars, big diamond rings
