

T.I. "What You Say"

Visit "[What You Say](#)" on MotoLyrics.com

Ay, Ay, Ay
Watch what you say to me
You better watch what you say to me
Watch what you say to me
You say, I'll spray

[Chorus]
Watch what you say to me
You see me and ya know I'm tuned up
You don't wanna see me cut the fool bruh
Watch what you say to me
Let me find out you talkin tough in ya song
When you see me you know what's up boy, it's on
Nigga, what you say to me?
Ya see cause I ain't been a fuck nigga never
I'm just warning all you sucka niggas
Better watch what you say to me
Cause I'm known to make a mountain out of mole hill
Hell, you don't wanna get ya four killed
Watch what you say to me

[1st verse: T.I.]
Rap tool in my pocket and the club just rockin
Watching ey' nigga while they girlfriend jocking
They gotta let it go cause niggas already know
I got that thang with me in there just to let it go
I'm trying to mind my business though, tell I hear this
nigga say yo
"They ain't nobody, fuck em" I'm thinking I'm fitting to
buss em
Wait, look up and see these police is lookin at me
I tell C, he tell Doug, they tell Jay-z
We proceed to surround him, and call him squirrelly
Pick a perfect spot and make sure that they girl see
My man offered dude a drink, he said "what? wuchu
think?"
Then call from then on all you couldn't see nuthin but
bottles
Remy Martin to the noggin, bet it bust it wide open
His bitch standing there hollering while he lying on the
floor, shit
Why you feeling sorry for him? He asked for it

Listen ya'll, here come the moral of the story

[Chorus]

[2nd verse: Jay-z]

Rap music is something ain't it? The way these pictures
is painted
You swear these niggas is dangerous, the gangsta shit
they be saying
Lock em up in the booth with a half ounce of that
cannabis
Sit back, and watch the outlandish shit they portraying
But, soon as you see em they freeze up like in
museums
Them statues, you like, "Is that the dude, that said he
was gonna (pop you)"
Niggas get running before you finish ya sentence
And then they back to riffing, when they off at the safe
distance
You like, you was just here, you disappear like
magicians
In thin air, I'm like damn, nigga at least keep it
consistent
I hear you baiting me lately, I been doing my best just
to stay hater free
Still watch what you say to me
Sooner or later I take you up on your offer
And put you all in ya place like I'm replacing ya father
You talking, to the author, the architect of The Blueprint
My DNA in ya music, muthafucka you stupid?

[Chorus]

[3rd verse: T.I.]

Cuz I ain't never been a sucka, been gangsta my whole
life
So a nigga disrespect me and it's on on sight
I hear what you say in ya song, some of that I don't like
Keep it up, I feel tried, I see you, we gon' fight
Be a man, say my name if you talking to me
You never say it, well I figure you ain't talking to me
Find out you is at the awards or was the code in the
streets
I swear I beat ya fuckin ass like it ought to be beat
See I ain't whispering lame, I ain't one for the game
If I say fuck you nigga then, fuck you nigga, simple and
plain
I say no problem, there's no problem, pimping you do
the same
Now you just, swallow ya pride cuz you know I'm off the

chain

Try to refrain from being violent but you come out ya
face

I got my lawyer paid up ready to catch me a case

When I feel you disrespected me, I'mma get me a K

But all this shit can be avoided one way...

[Chorus]
