Yea

Pistols in the duffle everybody lookin for it ahhh
Who want some (Who want it bitch)
Who want some (Who want it hoe)
You know anybody get it if you want some

Flyest in the city all I do is ride
Anybody get it think I'm lyin nigga try it
Aye, Who want some (Who want it bitch)
Who want some (Who want it hoe)

And you can miss me with the bullshit
And when you see me holla at me if you want it bitch,
Okay
You can miss me with the bullshit
And when you see me holla at me if you want some
nigga

Im trouble man, stay in trouble, troubles all I know
A snub nose 44 to fit in all my clothes
I love to hustle, trust no one, Im countin all my dough
In magic city stacks of 20 big tall I throw
Keep it a hundred with a G cuz they all my folk
I threw a party, 100 g's to the mall I go
This slow flow brought the four flow mansion out in Cali
Got a matte black Rolls Royce bulletproof Denali
Betta check a nigga head say he better than me
Man if they really wanna beef I'll leave 'em dead as can
be
I'm back up in this bitch with Toomp, OG what they
wanna do?
I shoot a nigga catch a case and beat it in a month or
two, leggo
