[Verse:]

Bitch! Put my dick on yo face, put my gun in yo purse
Put my work in yo pussy, bitch don't come on a word
Bitch the weed til you slime, these niggas greener than
lime
So many knives in my pockets, the bitches need em
inside
I was born in the drought, I hope I die in yo mouth
If you were right you should've died as a mouse
The weed louder than the opera house, til the fat lady
sings
Drop codeine in my punch, I'm bout to take a swing
If niggas thinkin I'm soft, I'll knock yo thinkin cap off
I get blood out these pussies, I'm a sneaking tampon
This for my niggas back home, I'm still New Orleans
regardless
Got bitches fallin like olives 'cause that bullshit to the
tallest
My bitch is badder than me, call that Adam & Eve
I do tricks on my skateboard, not up my sleeve
I kiss yo bitch on the neck, shoot your man in the head
Hit his mama address then send his parents a text
I play with pussy, not these niggas
Crucify these niggas
Kidnap em cuz they fowl so ask em who gone by these
niggas
Got Lil Wayne on her ass, Lil Tunechi on her titties
To kill me you gotta die wit me, wit me, wit me, wit me
(wit me, wit me, wit me, wit me)

[Hook:]

[Verse:]

I ain't never been dumb my nigga
Or sucka neither, go ahead play ya part wit it
Cash on deck, they be layin round wit it
Gotta cake up, where the suckas playin rounds wit it
I'm cold, doubling this, just ask yo bitch
I swear she know her legs up high
She spread eagle and then took in my big ego
I'm stealthy, I Tunechi them
Let me tell you a little something bout me
I talk shit, break like Muhammad Ali
Damn, whoop a nigga ass like Muhammad Ali
I'm thrown, no catchin me
These niggas in the game - so sad to me
I'm sure no one would care we
Just put them out their misery
But no sympathy and no green, uh uh
Me home with no heat, uh uh

And they never do nothing
You violator, demonstrations I'mma
Put niggas up on there, wherever we want
I got racks in my pocket right next to my lamas

Get after my girl and it's round whatever
So don't be struck down when you seein me nigga
Whoever f-ck with me be smoking the Sadie
You ready for war, you bout that like really
You catch me in Cali, you catch me in Phily

Before you judge me I plead guilty
I wish you nigga would, I won't get a splinter
Just bout a chicken, bout to break it down and check in

My drop zoomin, my eyes groomin
One giant leap for mankind
I'm high as mooman, how have you been?
Burning on my waist
