

## T.I "Yeah You Know"

Visit "[Yeah You Know](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Damn... has it been that long?  
Is that what happens (haha) since I been gone, homie?

I went from rolling wit' little rocks on the block  
To controlling my position at the top, bought every  
drug and I will not stop

(We ride, we roll, in style)  
(hey, hey, hey)

(yeah you know, yeah you know, yeah you know, yeah  
you know, yeah you know, yeah you know)

(yeah we ride, and we roll, and we style, here we go,  
here we go, we go, we go)

In the middle of a fight, I'm so cool  
Everybody want it hot - I go too  
All of this - half of which would have broke you  
Came out smelling like a rose you could mow through  
Worldwide, bi-costal, global - nigga's I respect  
Cause they more poor fools

Cause I ain't got a damn minuite - ain't no 'tude  
You don't bank it, it ain't no move (yea)  
[...]

Kickin'those (who) wrote a deposition about me

So many right, neva catch a nigga walkin'  
Energy, fightin', tryin' ta 'pit a push-up bra kid (damn)

We landin' laughin... chicks had fantastic asses  
Extravagent habitats, if you never seen tragic happen  
(hey)  
Make magic happen with cash and mac shure the cajun  
match  
In the market for lavish mansions 'n NBA expansions  
I was cast in dat balance in 'Oh four solo dough aint  
shit to me  
Way past respect you see, but I neva as big as a nigga  
felt a beat ya see

I went from rolling wit' little rocks on the block  
To controlling my position at the top, bought every  
drug and I will not stop

(We ride, we roll, in style)

(hey, hey, hey)

(yea, you know, yea, you know, yea, you know, yea, you  
know)

So fly wit an album ta live for

Everything you could ask for... and more

Your choice, you could even be a fan or...

Hate to see a nigga get up from a gram whore

Bein' a motherfuckin' man, won't stand for

The rap wars, always goin' back and forth

Livin' in a ? like castle

Control your rage, little boy it (just) an insult

[...]

The same people on tour, on TV

The signed hur shirt - should 'uh kept yo receipt

Get uh refund cause dat sure like seaweed...

Who keeps CD's on repeat, stuck in MP3's and 3-D's

And it takes on the day I was released

The only time you will ever see me free

Big money J, much you can get fo me?

Atlantic records say make another hit fo' me

I tell 'em cut a hundred million dolla check fo me

Like it or not, don't do no respect fo me

Never mind what I did, cause the best commin'

I'm the king in a game like chess to me

So put the cash in tha bag, give the rest to the

attendant puttin' gas in it..

I went from rolling wit' little rocks on the block

To controlling my position at the top, bought every

drug and I will not stop

(We ride, we roll, in style)

(Came a long way from Riverdale)

(hey, hey, hey)

(yea, you know, yea, you know, yea, you know, yea, you  
know)

I got a new swagger, it's a new day

Here we go again too, what it do 'J?

I'll give you a call, I know the way you used to move yey

Nea, I gotta new arm (uh) tha law wit a new face

Another G4 jet - no suitcase, whole new wardrobe and  
a new face

Can't close if ya standin' on my shoelace

T.I. roll like sushi... touche.

If ya can't lay back, who the hell am I? Bringin'  
homocide to tha gang, no alibi.  
Can't tell a lie to the judge, I'm guilty  
I'm uh give a lie, to the guy tryin' uh kill me

I could still be, in a trap now... AK 'round, little yey  
'round  
'Body came downstairs - but uh trey 'round.  
But if they wanna come 'n front in the AM...

(yeah you know, yeah you know, yeah you know, yeah  
you know, yeah you know, yeah you know)

(yeah we ride, yeah we roll, yeah we style, here we go,  
here we go, we go, we go, we go)

Yeah we roll and we ride  
In control, we don't stop  
We gonna glow where we drive  
Let you know we on top

(yeah we ride, yeah we roll, yeah we style, here we go,  
here we go, we go, we go, we go)

Yeah we roll and we ride  
In control, we don't stop  
We gonna glow where we drive  
Let you know we on top

(yeah we ride, yeah we roll, yeah we style, here we go,  
here we go, we go, we go, we go)
