I had dreams
That frightened me awake
I happened to escape
But my escape

Would never come
Would never come
Would never come
Would never come

I had plans
To go away for days
To try and risk a pace
That haunts my days

That haunts my days
Haunts my days
Haunts my days
Haunts my days

I love

Enter in my heart
It never stops
It never stops

Oh enter
Oh enter
Oh enter
Oh enter

It never stops
It never stops
It never stops
It never stops
It never...

Ahhhhh
