

## Deerhoof "Scream Team"

Guiding you, a voice is coming from behind the stage.  
Finding you, a voice is found on a missing page.  
Winding through, a plot controller from another age.

Pulling the cord of mystery.  
Cheating a clock.  
Meeting a team from history.

A stranger's face is seen,  
But was he on our team?  
The lights go out and everybody screamed, "team."  
A friend who was a foe.  
The quarter whistle is about to blow.  
Then I go.  
Tunnel underground-  
Enter sideways, reaching all around.  
In the darkness I will not be found.

Invisible people doing the wave.  
Invisible people doing the wave.  
Invisible people doing the wave.
