So i'm caught
So you said
Off to jail
With a bleeding head
How's it feel
With a gun
Overpowered
Watching your blood run

Do you mind
If you break
Hearts and minds
Do you hesitate
Can you love
If you take
Boy in the streets
Watching mother's hate

So we are anticop and you know

Can we live
Can you kill
Caging man
Chasing thrill
Are you good?
Are we bad?
Death in the street
Losing all she had

So we are anticop and you know
