She's so sick of me lately
Nothing else hurts me more
Bein' in love
So good to be low down
When she's self assured
Bein' in love
So fine with you
And no one ever hit so hard
Bein' in love... SUCKS!
Don't wanna feel it again
I wanna feel the good things
Don't wanna ever be human
I wanna feel the good things of love
She's so tied up with somethin'
Never gonna find a home
Bein' in love
So good to me lately
I've never been so alone
Bein' in love
So, nothing to do, and
I'm gonna steal her car
Bein' in love... SUCKS!
Don't wanna feel it again
I wanna feel the good things
Don't wanna ever be human
I wanna feel the good things of love
Knowin' there's nothing in my mind SUCKS!
Feedin' the sickness of her kind SUCKS!
Droppin' the bomb on the baseline
Sick, so sick, what you wanna be there for?
She's so sick of me lately
Nothin' I do at all
Bein' in love... SUCKS!
Don't wanna feel it again
I wanna feel the good things
I don't want ever be human
I wanna feel the good things of love
