[Bridge:]

I believe in magic
I don't believe in love
'Cause I read your starlines
I didn't see no love

[Chorus:]

I saw your black cat
I saw your witch crafts
I don't need your 666 pack
I don't need your love

Well you left yourself neaked
For me and my friends to see
Your iced over graveyard
Supposed to put a spell on me

[Bridge]

I saw you walkin' downtown
With a man in black yesterday,
No ifs, ands, or buts,
It doesn't really matter what you say,

[Chorus]

I believe (in black magic)
I believe (in black magic)
I believe (in black magic)
In black magic

[repeat last stanza 6 times]
