I'm sick of politicians
Sick of institutions
Sick of everything that they stand for
Sick of their religion
Sick of their decisions
Sick of being sick can't take anymore
Sick of their lies
Sick of their crimes
Sick of everything that they stand for

Politicians, institutions,
No religion, no solutions, war
Sick in my head
Revolution, evolution,
No solution, institution, war
So sick, so sick
Sick in my head
Politicians, revolution, no solution, institutions,
No submission, no religion, execution, no excuses,
evolution,
Revolution, institutions, no solutions, politicians,
No submission, your condition, execution, war
