Everybody givin', nobody takin'
I'm tried to be a nice guy in the past
Well see this boy a livin'
He's sinkin' and a swimmin' and
Nobody knows he's drownin' fast

Well I met her today
A lady and a lawyer, she told me
Of my reward for all the
Things I've done the truth to her
Was none, now I lay my
Guilt down on her

[Chorus:]
I say nice guys, they finish last
Don't give me another chance
If you do I'll take my guns
And watch you dance
I say nice guys, they finish last

Well I saw her today
You know things have changed
It's time to get my revenge
For all the things I've done
The truth to her was none
I lay all my guilt down on her

I say nice guys, they finish last
Don't give me another chance
If you do I'll take my guns
And watch you dance
I say nice guys, they finish last
