We're gonna go out tonight
We're gonna be dangerous
We're gonna set a house alight
And see you all

We're gonna go into town
We're gonna feel good again
We're gonna do the creepy crawl
And see you all

All we are now is a life so ordinary
All we are now is a life so ordinary

I'm gonna bring the gasoline
We're gonna have a movie scene
We're gonna set the night ablaze
And see you all

We're gonna be real big
We're gonna torch everything
We're gonna do the creepy crawl
And see you all

All we are now is a life so ordinary
All we are now is a life so ordinary
