It began in 3001
Our crew was gathering around
Military forces crossed the space
One mission - exterminate

A deadly atmosphere surrounds
The planet in endless quarantine
Dance to the poisoned sounds
The beats of your end, now

Mass hysteria, rifles, sightings
Unidentified objects firing
Pointing weapons right at you
With synthetic tunes

A deadly atmosphere surrounds
The planet in endless quarantine
Dance to the poisoned sounds
The beats of your end, now

This is not what you were waiting for
You're not alone
An electro device right between the thighs
Of mother Earth
She starts to like the tortures and
She wants more and more in
Close encounters of a deadly
Close encounters of a deadly kind

This is not what you were waiting for
You are now alone
Mother earth betrays his lovely sons
A new age is born
Things are getting wet and high
Here in Area 69
Close encounters of a deadly
Close encounters of a deadly kind

This is not what you were waiting for
You are now alone (growl)
Mother earth betrays his lovely sons
A new age is born

Things are getting wet and high
Here in Area 69
Close encounters of a deadly
Close encounters of a deadly kind
