Trapped into my lifeless body
My thoughts leave no trace behind
Chain reaction, resurrection
Will I die, will I survive?

My travel through the stars
To reborn into my scars
In every single bone
Jaws claws & exo-skulls

Caged into a human body
My life leaves no trace behind
Chain reaction, alien fashion
Will I die, will I survive?

My travel through the stars
To reborn into my scars
In every single bone
Jaws claws & exo-skulls

I - I cannot break my prison bars
And I - I can't escape so far I try
They - don't understand my hopeless fate
And I - I cannot stay - trapped inside
But I'll prevail

Jaws claws and exoskulls
