There's no fool
Like a young fool
With a young heart
Full of pain
There's no fool
Like a young fool
When he falls in love
In vain

I gave you my love and pledged my heart
I thought this was the start
Of a wonderful dream that you and I could always
share
I didn't know that love could be
A losing game of tears and misery
I didn't know the meaning of despair

There's no fool
Like a young fool
With a young heart
Full of pain
There's no fool
Like a young fool
When he falls in love
In vain

You were my first and only love
We vowed by stars above
That you'd always be true and never long for someone
new
But when I passed your house last night
I looked inside your window and saw
There was somebody else and he was kissing you

There's no fool
Like a young fool
With a young heart
Full of pain
There's no fool
Like a young fool
When he falls in love
In vain
