Searching paths through old castle
Blessed by holy voice inside
Light and fire makes them dazzle
And suspend the hellish ride
Wicked souls in night tormented
Send around deadly course
Walls of seven sins created
Move together no remorse!

HUNT for the death
I hear your heavy breath
I HAVE returned
I want your heart in my hand

Yes, I'm insane
I'm the hero
I am HUNTING FOR THE DEATH

Brutal statues block upstairs
Leading way to damned hall
Poisoned smoke in the air
Of the Demon gets the form
Overruled by laws of nature
Death was slanted by my sword
Taken strength from this creature
I became the evil lord

HUNT for the death
I hear your heavy breath
I HAVE returned
I want your heart in my hand

Yes, I'm insane
I'm the hero
I am HUNTING FOR THE DEATH
