I'll be, I-I'll, I-I'll be there girl  
I-I'll be, I-I'll, I-I'll be there girl  
I-I'll be, I-I'll, I-I'll be there girl  
I I I Girl girl girl girl

We've been through ups and downs no doubt  
So many times we've had it out  
Some foolish things we've realized  
Think back and have to laugh it out

But that's what makes us so strong  
Lo-lo-lovin' so strong  
We roll deep in every way  
De-de-de-deeper baby-babe

I got your back believe me.  
You got my back it's either way  
When good or bad comes along  
Just keep your faith in me

You are so beautiful beautiful  
Wo-wo-wonderful wonderful  
See my dream of you and me  
Began the day we met, yeah!

Some people give up what they have, they run-run-run  
That aint 'gon be our situation, you're the one-one-one

Girl you're my queen in my heart 'n soul  
I'm never letting you go  
I'll be... There! You know that...

I'll be there... Spring, summer, fall, winter's cold  
I'll be there... Be there to protect you my baby  
I'll be there... All here for you is where I wanna be  
I I I I I'll be there

Some haters try to get us down  
But they aint got a clue about  
Our love and how that we belong-long  
So right right it can't be wrong

They call me dangerous dangerous  
Yet they're killing ki-killing us  
We don't need your shady ways,  
That negativity yeah!

Some people give up what they have, they run-run-run  
That aint 'gon be our situation, you're the one-one-one

Girl you're my queen in my heart 'n soul  
I'm never letting you go  
I'll be... There! You know that...

I'll be there... Spring, summer, fall, winter's cold  
I'll be there... Be there to protect you my baby  
I'll be there... All here for you is where I wanna be  
I I I I I'll be there

My life without you is no life  
No one can replace all your sweetness inside  
I'm so down for you and you know it's true  
You're my love~ oh oh...

I'll be there... Spring, summer, fall, winter's cold  
I'll be there... Be there to protect you my baby  
I'll be there... All here for you is where I wanna be  
Oh~

(I'll be there) You are so beautiful beautiful  
Wo-wonderful wonderful  
And it's killing me, you set me free

(I'll be there) You are so beautiful beautiful  
Wo-wonderful wonderful  
And it's killing me

I I I I I'll be there
