\* Ha

[Chorus]

I can't wait  
I like good food on my plate  
I can't wait  
Ayyo it's time to raise the stage  
And by the way  
L.A. city!  
By the way  
I hold it down every day in L.A

[Verse One]

Don't start what you can't finish  
Especially if you're not in shape you know a man with  
fitness  
Bare witness, got my pop side from Venice  
Reason why you can't find my cause I'm not listed  
Don't get it twisted  
The crew that I'm from is Likwit  
Get a chance to see me live that's a hot ticket  
Let you roam while I'm home and I'm not with it  
You can pop this shit watch me suck another critic  
That brother did it  
Broke through with a new speak  
That L.A. unical Defari city stile technique  
And I don't care what they say to me  
I just knocked that real hip mate Joe P.  
Take it with me to the G.R.A.V.E  
So much soul I'm feeling like Philip Bailey  
God gave me a sound that you've never heard  
Around the town I got to wattle every noun and verb  
And that's my word

[Chorus 2X]

[Verse Two]

Communications makes me touch nations  
Implication of my destiny's elevation  
Complications when a man stops respiration  
Blow to the throat  
Fake hardcore imitations

High five touch fist for the black nation  
My mother's maiden name is Kidd like that brother  
Jason  
It's L.A.'s own Billy get your heart racing  
Like Xzibit to the youth on the foundation  
Brown space man  
Are you kidding man, my cheese is hidden  
From the fans from up shit, man you must be kidding  
I'm starting to wonder now why would you even ask  
Wanting to know how my circle circulate cash  
You're too flash  
You get smashed with this empty glass  
I have to blast when you small talk, no class  
Break God man my people we are enterprise  
And goofy niggaz definitely we don't recognize

[Chorus 4X]

[Scratching]  
I can't wait (can't wait)  
Banging this street  
I can't wait
