Can hold my breath only for a little while  
Until reality starts sinking in  
Once again I'm settling for second best  
Turn the page and skip  
To the end to where I  
Swore that I would try  
Since the last time I crossed that line  
In the back of my mind I know

It only hurts when you're eyes are open  
Lies get tossed and truth is spoken  
It only hurts when that door gets opened  
Dreams are lost and hearts are broken

Miles away promise from a burning bed  
Two worlds should never collide  
One word would end it if you ever heard  
Tear the page out that  
Reminds me when I  
Swore that I'd be strong now the next  
Time has come and gone  
Well maybe I'm wrong I know

It only hurts when you're eyes are open  
Lies get tossed and truth is spoken  
It only hurts when that door gets opened  
Dreams are lost and hearts are broken

I know what your feeling  
Its hard to believe in  
Someone, someone, who's not there  
I know that you're waiting  
Cause love is worth saving  
But only for So long, so long, so long

I swore that I would try  
Since the last time, the last time

It only hurts when you're eyes are open  
Lies get tossed and truth is spoken  
It only hurts when that door gets opened

Dreams are lost and hearts are broken

It only hurts when you're eyes are open  
Lies get tossed and truth is spoken  
It only hurts when that door gets opened  
Dreams are lost and hearts are broken
